

***Want to see how an idea becomes a reality?
How a virtual design is transformed into a product?
Are you a fast and eager learner who easily adapt?
Are you willing to innovate the industry while using various technologies?***

“Inense” your career!

Join our young and growing team to provide the best service to our customers. Discover multiple industry sectors (Aerospace & Defense, Automotive, Energy, Transportation, High-Tech, Life Science) and develop yourself.

As an international company, Inensia offers a stimulating and supporting working environment with friendly, social and open-minded people. You can now onboard and fully contribute to the expansion of our European delivery center in Sofia in the position of **Business Analyst / Consultant**

Responsibilities:

- Understanding our customer requirements related to the improvement of its Engineering and Manufacturing business processes;
- Proposing functional solutions to address business needs, based on major PLM technologies on the market;
- Designing interfaces with legacy Information System;
- Designing legacy Data Migration into the new solution;
- Designing and implementing the necessary specific configurations to fit the gap with out-of-the-box capabilities;
- Developing Test plans and scenarios against initial customer requirements;
- Testing the solution before delivery to customer acceptance;
- Supporting key users in testing and accepting the solution;
- Developing training courses and exercises related to the solution being deployed.

Requirements:

- Bachelor’s or master’s degree in Technical Education such as Product Engineering (Mechanical, Electrical, Electronics, Automation, Industrial, Computer Aided Design) and Manufacturing;
- Good client relations and social skills;
- Opportunity to travel in Europe;
- Sense of responsibility, autonomous, proactive, resourceful and team player;
- Fluency in English, both oral and written.

Advantages:

- Good knowledge in programming language;
- French or German.

We offer:

- Competitive remuneration package and additional company benefits;
- “Start-up” approach / end to end involvement / new leadership opportunities;
- Continuous training & opportunity for development;
- International experience;
- Friendly and stimulating work environment.

Willing to join our young and motivated team? Send us your **CV** to contact@inensia.com

All job applications will be treated and processed with strict confidentiality and in full compliance with the GDPR provisions. Only short-listed candidates will be contacted for an interview.

By applying for the present position, you agree to provide voluntarily your personal data. We inform you that INENSIA Ltd, will process your personal data for the purposes of the present selection process, as well as for recruitment of future positions at INENSIA Ltd., unless you explicitly declare your nonacceptance of the latter. Your personal data, provided for the above-mentioned purposes, will be stored for the period of up to two years. You have the right at any time to withdraw your consent and request deletion or correction of your personal data.
