

# Financial Data Analysts

Ref.No FDA1021S

If you are a pre-graduate looking for a job with flexible working hours, working from home anywhere in Bulgaria, then our Early Career Program is meant for you! We are Open for Talent. Open for You. Kick off your career with us!

## ABOUT US

Our team provides essential support to the Audit function, and this is your opportunity to become part of it. Why do it?

- You will work closely with experienced audit professionals
- You will have access to expertise and knowledge related to financial data processing and analysis
- You will have all our support and guidance to help you gain professional routine and feel comfortable with your job.

We'll guide you. We'll invest in you. We'll grow together.

## WHAT IS THE JOB?

- Financial data processing
- Audit reconciliations
- Performance of analytical procedures and tests of details
- Other various support to the audit teams.

## WHAT WE OFFER THROUGH THE EARLY CAREER PROGRAM:

- **Support and development:** You will have plenty of support on your journey. Your supervisor will ensure you have the right training, tools and development plan to grow.
- **Pre-graduate development program:** Your induction program will introduce you to KPMG, provide you with essential work and personal skills and build your team network. This structured training program ensures your ongoing personal development.
- **Pre-graduate community:** As part of our team, you'll be with like-minded people, so you can expect plenty of social activities.

## ABOUT YOU

- You are in any of your university years of study in the area of Economics, Accounting or Finance
- You are flexible and adaptable
- You enjoy developing your Excel skills
- Your English language knowledge is at a very good working level
- You want to be productive in your spare time, while studying, and still earn knowledge (and money 😊).

Expected start dates are in the beginning of November.

## HOW TO APPLY

If you are interested, please apply by **18 October** at [bg-careers@kpmg.com](mailto:bg-careers@kpmg.com), stating the name and reference number of the position.

**KPMG has committed to achieve net-zero carbon emissions by 2030 as per Our Impact Plan. We have also committed to advocate for equal opportunity, protecting the physical and mental health of our people, supporting education and lifelong learning in our communities. We act lawfully, ethically and in the public interest.**

*Your application package will be treated with strict confidentiality. Only shortlisted applicants will be contacted. Some of the information that you provide upon submission of your application is personal data and is covered by the special protection regime under the General Data Protection Regulation (EU 2016/679). KPMG may process your personal data for the purpose of search and selection of suitable candidates for the position as set out above. Your personal data will be stored during the recruitment campaign and afterwards upon your explicit consent or as required by the applicable law. Additional information about the personal data we process in recruitment campaigns, legal reasons and purposes for processing, your rights and other useful information can be found in our [Privacy Statement](#) for job applicants. Please read it carefully before submitting your application.*
