

ADVENTURA
WORKS

IS LOOKING FOR:

Creative Developer (Ref. AD2100203)

The “secret sauce” of the digital advertising industry

AdVentura Works is a global technology services company providing AdTech, Creative, Data Management, and Engineering Services. We are proud of bringing together the right people, processes and technology to offer the most value to our clients. Together with our partners, we are supporting some of the global leaders in the digital advertising industry since 2005.

The opportunity:

As a Creative Developer, you will be responsible translating clients' requirements, designs and specifications into rich media ads that will have high visual impact and engage users. You will convert these ads to different formats and make sure they run well in various browsers and resolutions.

Your responsibilities:

- Convert raw assets into rich media ads
- Translate client requirements, graphic designs and specifications into working ads
- Develop Banner Ads using your design and development skills
- Resize and/or Revise rich media ad units
- Optimize images and other material for different platforms
- Testing the functionality in different browsers and resolutions and fixing errors when necessary

What do you bring:

- Ideally, you have a bachelor degree in ICT, Compute Science, or equivalent
- You know well HTML5 / JS / CSS3
- It will be a plus if you can work in Photoshop, Illustrator, Design and Layout is required; Adobe Animate, After Effects and/or Premiere
- You have strong analytical/troubleshooting skills and keen eyes for detail
- You like working in a fast-paced environment and are able to meet rigid deadlines
- Strong written and verbal English

If that is you, we will love to have you as part of our team! Join us!

Send us your CV and Cover Letter in English at: career@adventura.works

We will treat all your personal data confidential and will never share it with anyone else in compliance with the Personal Data Protection Law
