

React Developer

With over 2,000 employees the Hypoport group forms a network of tech companies for the credit, real estate and insurance industry. As part of the Hypoport Group we enjoy the flexibility and independence of a mid-sized company with the opportunities and benefits provided by a German listed corporation.

We are currently looking for a skilled and passionate React Developer (f/m/d) to become part of one of our Product Teams at FIO SYSTEMS!

FIO SYSTEMS AG is part of the Hypoport group since 2018 and we specialize in providing web-based business software solutions. Our products cover all processes in the areas of real estate management and marketing, virtual banking and claim management. FIO was established in 1999 in Leipzig and our office in Sofia opened in 2002. At FIO we create high-value products, and we love working with open-minded people with enthusiasm for innovation and high-quality solutions.

If you are passionate about technology and want to be part of our dynamic team – we look forward to your application!

Your responsibilities:

- Develop a new React app as a redesign of a company's B2B web product
- Create reusable React components for internal library
- Design and implement architectural and infrastructural solutions
- Apply the best practices in the React ecosystem
- Be part of an established agile processes (estimation, daily, sprint and retro meetings)
- Participate in feature-design groups with representatives of all departments (product, UX, DEV and QA) to produce technical design
- Assure code quality via unit tests and code reviews
- Improve the product via code refactoring and performance profiling

What we expect:

- 1+ years experience using JavaScript, HTML and CSS
- 1+ years experience using React
- Experience with react-hooks, redux, Less, Typescript and .NET would be an advantage
- Good knowledge of versioning control with Git
- Analytical thinking and problem solving skills
- Strive to learn and improve
- Teamwork and good self-organization
- Excellent written and spoken English

What we offer:

- The chance to be part of an international team within a growing company and to actively take part in launching a new product line
- Work-life balance - 30 days paid vacation, no overtime, team buildings and celebrations
- Your growth is our priority - Therefore we support you in actively shaping your own personal and career development by offering 10% of your work time for further education
- Flexible working hours and home office options
- Additional health insurance and office massages
- Company lunch and fully equipped kitchen filled with fruits, vegetables, sweets and snacks
- Excellent office location, close to a metro station

Sounds interesting?

Then do not hesitate to send us your application and tell us what you are passionate about!
