

Junior SQL Developer

About us:

Next Solutions is a fast-growing software development company specialized in Cloud SaaS Solutions, RPA, Digital Transformation, and System Integration. We leverage our 13+ years of expertise in the HR industry and help enterprises deliver world-class software solutions that replace complex processes, workflows, and systems with sophisticated, yet intuitive technology.

Some of your responsibilities as a Junior SQL Developer will be:

- Work with various teams to ensure data consistency and accuracy;
- Work directly with SQL toolsets;
- Provide insight into data conversion toolsets and approaches;
- Assist in improving the automated data conversion process;
- Obtain deep business knowledge and expertise in the areas of HR, Benefits and Payroll.

What we look for:

- Intermediate SQL Skills
- Familiar with Git or SVN;
- Fluency in English both written and verbal;
- A strong team player who is also able to work independently;
- Excellent analytical and problem-solving skills;

What we offer:

- Attractive compensation package - competitive salary & social benefits
- Continuous learning and coaching.
- Friendly and casual work environment.

- Healthy and not so healthy drinks and snacks in the office.
- Work-life balance - regular team buildings and celebrations
