

Technical Content Creator

NTBIS Ltd

NTBIS is a company specialized in the creation of technical materials – user guides, technical white papers, and explainer videos.

We are looking for a new member to join our growing team. The ideal candidate doesn't need to have experience in the field but has to have to desire to learn and grow with the company. Any video editing skills are an advantage. Fluent working English is a must.

We offer extended onboarding guidance and a lot of different projects to work on. Being a relatively small team that is currently growing provides a whole variety of opportunities in the company in the long run.

We don't have fixed working hours or required working location. Everyone is free to work anywhere anytime that is convenient for them. The position is suitable for university students or just graduated people.

If you are interested in becoming part of the NTBIS family, kindly send a message to info@ntbis.eu. It doesn't need to be a formal CV, a few words and your contact information are enough.

We are looking forward to speaking with you!

In short:

- Position: technical content creator
- Requirements: fluent English and desire to learn
- Working hours: flexible and negotiable
- Location: remote
- Advantage: video editing skills
- To apply: send an email to info@ntbis.eu up until the 31st of January 2022
