

## Senior Supply Chain Data and Reporting Analyst

Teva Pharmaceutical Industries Ltd. (NYSE and TASE: TEVA) is a global leader in generic medicines, with innovative treatments in select areas, including CNS, pain and respiratory. We deliver high-quality generic products and medicines in nearly every therapeutic area to address unmet patient needs. We have an established presence in generics, specialty, OTC and API, building on more than a century-old legacy, with a fully integrated R&D function, strong operational base and global infrastructure and scale. We strive to act in a socially and environmentally responsible way. Headquartered in Israel, with production and research facilities around the globe, we employ 40,000 professionals, committed to improving the lives of millions of patients. Learn more at [www.tevapharm.com](http://www.tevapharm.com).

In Bulgaria, we are the largest employer in the pharmaceutical industry with near 1700 employees in the two manufacturing plants (Dupnitsa and Troyan); sales and marketing organization and in a number of global corporate functions based in our country. After the acquisition of Actavis by Teva Pharmaceuticals, in Bulgaria we are operating under the Teva brand.

We are looking for qualified and motivated candidate for the role of **Senior Supply Chain Data and Reporting Analyst** to join the Analytics and Reporting team, based in Sofia.

### Main Responsibilities

- Perform data reporting, analytics and project management in the completion of various Supply Chain related activities
- Develop, manage and track KPIs that measure Supply chain performance – e.g out-of-stock-reporting, inventory management, plant performance, etc.
- Serve as subject matter expert in use of information systems for supply related processes. Develop appropriate technical solutions (e.g. Excel, Sharepoint) to support new data reporting requirements
- Develop efficient reporting process and tools that are appropriate to the needs of the organization
- Act as a senior focal point for production sites in budget preparation
- Propose continuous improvements

### Main Requirements

- Bachelor`s degree
- 2+ year experience in data reporting and analytics, preferably in Supply Chain, Procurement, Finance, Logistics or other business function
- Superior analytical skills, plus conceptual and problem solving skills to evaluate business problems and apply knowledge to identify appropriate solutions
- Proficient working knowledge of Excel like:
  - Use of built-in formulas and functions, including lookup formulas (VLOOKUP, HLOOKUP, INDEX MATCH, OFFSET and others) and calculations (SUMIFS, COUNTIFS, AGGREGATE and others)
  - Pivot tables, pivot graphs and reporting functions, including use of data links and database connections (internal, external, OLAP, SQL and others)
- Experience with ERPs, SharePoint knowledge is a plus

- Participation and leadership in cross functional projects
- Capable of presenting information to all levels of management with supporting analysis under tight deadlines
- Strong oral and written communication skills in English

## **We Offer**

- Dynamic and challenging work environment in one of the world leading pharmaceutical company and the biggest pharmaceutical company in Bulgaria
- Competitive remuneration bound with performance
- Additional healthcare insurance
- Transportation allowance
- Flexible working hours and option to work from home as per the company policy
- Opportunity for development

If this sounds like the right opportunity for you, follow [this link](#) to apply.

Please kindly note that only shortlisted applicants will be contacted. All personal data is protected by law and will be treated in confidence.

## **Teva's Equal Employment Opportunity Commitment**
