

## Online Game Presenter

**UpSkill** is a recruitment agency ready to go the extra mile to help candidates find the best possible job opportunity. Our team of experts is well-versed and experienced in consulting and providing long-term HR support. We believe that being friendly is the best policy, and that's why we are eager to help you through the whole lifecycle of recruitment. Our team comes with 15 years of recruitment experience behind its back. At any given moment, we can offer multiple opportunities from different companies in need of a wide variety of talent.

If you are interested in starting a new job, we will present you with multiple opportunities, will be there to answer all your questions, help you prepare for interviews and tests, provide essential feedback and even guide and support you through the process of recruitment up to the first day at your new job.

We support both large international and local companies in growing their business, providing them with the best talent to help them succeed!

Our current client is **the newest and largest global gambling company** which currently enters the Bulgarian market. They are opening a brand new 8-store building right next to a metro station in Sofia and plan to hire around 1500 employees in 2023!

The company is currently looking for multiple **Online Game Presenters** with English, Turkish or Ukrainian to join their dynamic team. If you are curious about this exciting opportunity, then this might be the chance you have been waiting for!

### Responsibilities:

- Opening, maintaining and closing a game by introducing players and game rules, dealing cards and maintaining friendly conversations with players;
- Presenting all games with the required professionalism in accordance with the company's performance, grooming and brand requirements;
- Being presentable and confident when facing the camera while remaining at a high level of technical competence in all games;

### Requirements:

- Good command of English, Turkish or Ukrainian language;
- Flexibility of working hours and ability to commit to 24/7 shifts;
- An enthusiastic and positive attitude accompanied by outgoing personality;
- Ability to maintain high energy levels for the duration of the games (that require more animated performance);
- Good time management skills;
- Attention to details and excellent people skills are essential;
- Prompt decision making;
