

Assistant Teacher

ABC KinderCare Centre, part of VM Finance Group, is the first chain of kindergartens in Bulgaria offering international education for children from 2 to 6 years old. A team of dedicated professionals, focused on a personalized approach to meet the individual needs of the children, follows a methodology fully in line with the latest trends and standards in the field of education. Since our foundation in 2008 we have been educating for more than 300 children who made us proud by continuing their education in some of the top schools around the world. We keep in touch with our former Families as we don't simply provide education, we create a strong community and source of happy memories and relationships, bringing our motto "we care the most" to life.

In 2015 we implemented IPC (International Primary Curriculum) in both its levels Early Years (age: 3 to 5) and the First Milepost (age: 5 to 7). In 2016 our application for COBIS (Council of British International Schools) was accepted and ABC turned into a Member. It's an illustration of Global quality within the International schools network.
