

Do you want to work for a market-leading company?

Translate Plus Limited is a fast-growing, award-winning language services and technology company. Over the last 3 years we have won the prestigious Sunday Times Virgin Fast Track 100 award, given to Britain's top 100 private companies with the fastest-growing sales, been ranked by Deloitte as among the 500 fastest growing tech businesses across the whole EMEA region, and included in the Sunday Times SME Export Track 100 list of the British companies with the fastest-growing international sales.

We are very proud of these achievements and are now recruiting to continue the growth of our company even further, by adding exciting new positions to our Eastern Europe office in central Sofia - very close to the Mall of Sofia.

We are currently looking for a **VB.NET Software Developer** to join our team. This is a new Sofia-based role working closely with our London IT department. This position will report directly to the Software Development Manager and is suitable for someone with one year's relevant experience or a graduate. What we ask is that you are enthusiastic, passionate, and ready for a challenge. You will be given the training and support required to get you up to speed so that you can help the company to move forwards with its software development and maintenance of its current applications.

About the role:

- VB.NET, ASP.NET and SQL programming
- Design, development and maintenance of the company's bespoke internal and customer-facing systems
- Support software applications for the company
- Working with the operations and sales teams you will be involved in all aspects of the

development life cycle, from requirement gathering to development and implementation

Key skills & experience:

- At least one year's programming experience in VB.NET and ASP.NET (ideally using Visual Studio 2013)
- Knowledge of Microsoft SQL Server (ideally 2008 or 2014)
- Experience of HTML/CSS and understanding of JavaScript
- Self-motivation, with the ability to work independently without supervision and use your initiative

to find solutions

- Excellent English and communication skills
- A logical and methodical approach and strong trouble-shooting skills
- Adaptability and flexibility
- Good organisational skills with the ability to prioritise, multitask and work under pressure
- Excellent interpersonal and oral/written communication skills
- Desirable experience of WinForms development, VBA and Adobe applications
- Experience of CMS (content management system) technology
- File engineering (such as manipulating XML structures)
- Experience of source code/revision control tools

It would be a bonus, but not a must, if you have one or more of the following criteria:

- Localisation industry experience

What we offer:

- Career progression possibilities
- Trainings tailored to your needs
- Flexi-time
- Holiday increase
- Weekly fruit and drinks deliveries and monthly breakfast
- Game nights, teambuilding and parties
