Angular Developer

Job Description
No Limit is a of team developers working closely on various large-scale projects. No Limit works closely with large enterprises to provide innovative software solutions and drive forward digital transformation. As a team we build sustainable and effective software platforms, portals, UI/UX, chatbots and much more.
As a developer you will work with the team across our entire technology stack including: MongoDB, Express.js, Angular.js, Node.js

More about you
- 2+ years relevant front end experience, 1+ years Angular experience (We will be using Angular 5);
- 1+ years developing single page applications;
- Well versed in Javascript best practices and philosophy;
- Expert-level understanding of HTML and CSS;
- Experience with front-end tooling such as gulp, less, scss and etc.;
- Experience working with REST and API integration.

More about our team
We are a growing team of Software Developers, Dev Ops Engineers, Angular developers, Web developers, UI/UX and Designers ranging in levels of experience. Most importantly we are friends with each other. We do not mind redesigning the office every now and then so that it better suits us. We are NOT coffee enthusiasts, but we love to pop a can of beer once in a while. Keep in mind that we have StarCraft, star wars and start trek fanboys as well as a passionate photographers, artists and even a former martial arts specialist. We are diverse, different and even a bit crazy, we are No Limit.

No Limit where you make the change
We believe in your uniqueness. We do not discriminate in age, gender, sexuality, ethnicity, color or whatever you can think of. Moreover we embrace difference and use it as a competitive advantage and as a focal point in our culture. Your opinion is always important and you are welcome to share it with everyone anytime you see fit.

Do you feel like becoming a part of that community? Send us a short resume to office@nolimit.software or a.velikov@nolimit.software with what you think best describes you. If you feel like it shoot a short video saying HI!

Note
We screen ALL CVs and we will contact everyone.
