

In a brand new start-up we are looking for a young energetic person to help us with our every-day tasks: everything from processing orders to marketing activities.

The responsibilities would include:

- Processing incoming orders;
- Managing database;
- Content management;
- Facebook page management;
- Preparing and sending newsletters;
- Making marketing researches

Requirements:

- Microsoft Word knowledge;
- English - B2;

Would be nice but not necessary if you also:

- Have experience in Photoshop;
- Have Digital Marketing experience;
- Like cooking.

The internship is paid with length between 3 and 6 months. The working hours will be scheduled according the intern's availability. If we are happy with the work done, we would really like to keep working with the person afterwards.

Location: Sofia, Lyulin 6.

Homemade Foods is startup, our main product is an innovative food solution. We provide our clients with quality and free time. Each client receives a box filled with all the needed ingredients for cooking a delicious meal. They are bought, weighted and cut at the day of the delivery. The box also contains a step-by-step recipe.

Please send us your CV and we will contact you if we are interested to meet you.
