

HP Inc. Bulgaria presents:

Business Management and Enablement Internship

MILENA Telecom Operations Support
Super power: Finding stuff

“Lost something? Don't worry, my super power is **finding stuff!** I'm eager to discover even when everyone has given up!”

Meet our **#SuperInterns**

Position name: Business Management and Enablement Internship Program

Location: Sofia/Bulgaria

Duration: 1 year (6+6months contracts)

Targeted start date: September 2018

Application deadline: **30 July 2018**

Company overview:

At HP, we believe in the power of ideas. We use ideas to put technology to work for everyone. Moreover, we believe that ideas thrive best in a culture of teamwork. That is why everyone - at every level in every function, is encouraged to have original ideas, to express them and to share them. We trust anything can be achieved if you really believe in it, and we will invest in your ideas to change lives and the way people work. This vision is what sets us apart as a company. At HP we work across borders and without limits. Global virtual teams share resources and pool their big ideas to solve business issues and meet personal goals. Everyone is valued for the unique skills, experiences, and perspective he or she brings. That is how we work at HP. Moreover, this is how ideas and people grow.

How about you? Are you friend with numbers? Do you want to develop excellent business analysis skills, helping any corporation grow? Maybe you are looking for an opportunity to showcase your outstanding interpersonal skills, perhaps to amaze our corporate clients? If yes, then get ready for an epic journey with the worlds No 1 personal systems and printing company!

Dear NBU students,

We are seeking talented young people (just like you) to join our reinvented Internship Program in Bulgaria, win alongside our remarkable team, learn and create their own future!

Our Business Management and Enablement Internship Program:

We will use our knowledge and experience to give you a real taste of the most iconic tech company worldwide. We will teach you how to create, execute and celebrate business wins. By joining the team, you will play a role in business enablement (strategy, analysis, and operations). You will become the talent; everyone would want to have on his or her side.

You will begin your journey in **September 2018**, going through an onboarding phase and two game levels:

- **Month 1:** Taking classroom theory into practice, you will start learning about the business, our secret language, and strategies, and getting to know our amazing people. Your own opinion will count every day!
- **Level 1 (Month 2-6):** Then you will be given your individual project and play on the battlefield straight away. Of course, we will help you pick-up and conquer challenges.
- Should you show great results at level 1, your contract might be extended for another six months, leading you to **Level 2 (Month 7-12):** This will be your time to shine and showcase all you have learned so far. Expect to jump-over a raised bar.

NB! Please note that each edition of the Internship program:

- is predefined by the business needs of our organization
- consists of a unique set of internship roles
- offers variation in the number of available positions

So far, HP Inc Bulgaria had successfully offered roles within the following areas/teams: Service delivery management, Project management, Supply chain, Finance, Commercial Printing Planning, New Product Introduction, Telecom operations support, Deal support office any many more.

Under any circumstances, you can be sure that during your placement at HP Inc, your manager/mentor will keep a close look at your development and will dedicate time to set clear goals, guide and provide you with feedback on your performance. You will have access to 10, 000+ learning nuggets to sharpen your business acumen and professional skills. Beyond that, you will train, practice and have fun, alongside your **#SuperIntern** peers, HP best professionals, learning also from senior managers who can help you take your career forward.

Education & Qualification:

If you can recognize part of yourself in the described qualifications below, then you might be the person we are looking for:

- A business-related degree full-time student, who has fully completed the second year of Bachelor degree and is already in his/her third year, Master degree students would be preferred
- A curious mind with a thirst to pursue a career in the fast-paced tech world
- Self-starter, you have played a vital role in extra-curriculum activities and juggle easily with multiple priorities
- Communication champ you keep everyone involved and on track
- Relationship builder you thrive achieving outstanding results in collaboration
- Creative problem-solver you jump on opportunities to come up with alternative solutions
- Interested in data analysis junior Excel wizard, PowerPoint & Outlook fan
