

Translation Localisation Engineer

Localisation Engineer: Bulgaria

Do you want to work for a market-leading company?

Translate Plus Limited is a fast-growing, award-winning language services and technology company. We are part of **Prodigious, Publicis Groupe's** cross-media production platform. Prodigious brings together specialist production expertise in video, digital and print, producing and delivering brand content across all channels for top global brands.

We are now looking for an enthusiastic and proactive Localisation Engineer

This is a challenging Sofia-based role, and what we require from you is quite simply to apply and develop your technical skills, be a solution seeker, be polite and organised and keep your calm when times are busy.

Responsibilities will include:

- File preparation using CAT-tools (e.g. Trados)
- Troubleshooting and solving technical challenges, often to tight deadlines
- Investigating and exploring new technologies and techniques to improve current processes
- Documenting existing processes
- Assisting less technically minded colleagues with software and file challenges

Skills and Experience required for the Localisation Engineer role:

- Good computer literacy (especially Excel, Word, Power Point, other applications are a bonus)
- Knowledge of CAT-tools will be an advantage
- Great interest in technology and software applications
- Enjoyment in “fiddling” with file formats and software until challenges have been resolved
- Ability to multitask and to work to tight deadlines
- Good communications skills in English (spoken and written)
- An ability to quickly understand and get to grips with unfamiliar software

It would be a bonus but not a must if you have:

- Knowledge of XML, XSLT, HTML, Unicode, VBA and other programming languages an advantage

What we offer:

- Career progression possibilities
- Trainings tailored to your needs
- Flexi-time
- Holiday increase
- Weekly fruit and drinks deliveries and monthly breakfast
- Game nights, teambuilding and parties
