

Digital Marketing Intern

Telebid Pro is a company specialized in research and implementation of large scale web and automation applications. Our solutions and services are designed and developed in-house by our team of highly skilled developers offering functionality, flexibility and reliability to our highly valued business clients.

The company implements fast to market enterprise solutions, by enabling high technologies, automation, monitoring, document management and reporting for efficient business decision-making.

We are looking for ambitious and creative Digital Marketing Intern who wants to grow and develop by:

- * Brainstorming and developing ideas for creative business to business marketing campaigns;
- * Initiating ideas for new advertising approaches and promotions of company's products;
- * Helping to create and maintain landing pages, blog and content on Wordpress website and social medias;
- * Launching, coordinating and executing our brand marketing strategy;
- * Monitoring the best online practices.

We offer

-
- * Training, experience and opportunity for working part-time or full-time;
 - * Work in a team of fresh and friendly young people;
 - * Flexible working hours to fit schedules for lectures and seminars;

Requirements

-
- * Being a student or fresh graduate in Marketing, Communications, or similar field;
 - * Fluent in Bulgarian and English.
 - * Skills in WordPress and Digital Illustration Tools will be considered as a strong advantage.
