

## ***Marketing Intern at NO LIMIT SOFTWARE***

No Limit is a software company, that works closely with large enterprises to provide innovative software solutions and drive forward their digital transformation. As a team we build sustainable and effective software platforms, portals, UI/UX designs, chatbots and much more.

We're currently looking for a driven and creative digital marketing intern with an unyielding passion for the industry. The ideal candidate is interested in using the web to help brands grow and is ready to get their hands dirty in all aspects of the business. This position is perfect for someone who is ambitious, self-starting and interested in a career in marketing. If that sounds like you, let's chat!

### **Desired Skills and Experience**

Each day will be dynamic and full of strategic decisions, constantly changing priorities and creative discovery. You will be asked to:

- Demonstrate an understanding and ability to quickly learn digital strategy and tools
- Assist in development of content across all social media channels
- Gather and analyze data, that can improve results
- Assist in planning a long-term marketing strategy
- Assist in planning an employee branding strategy

### **Qualifications**

- Show enthusiasm, passion and curiosity about social media
- Possess critical thinking and problem-solving skills
- Know how to prioritize and be adaptive to change
- Have the desire and willingness to learn new skills
- Proficiency in English language

### **Nice to have**

- higher education or ongoing study in digital marketing or related field
