

Chaos Group is a worldwide leader in computer graphics. Our technology helps artists and designers create photoreal imagery and animation for design, television, and feature films. We're shaping the future of creative storytelling and design with our research and development in material scanning and virtual reality. V-Ray, our Academy Award-winning renderer, is at the heart of our product portfolio, and works seamlessly within leading 3D software.

Junior Graphic Designer

If you have a passion for graphic design and are skilled at visualizing your ideas – then this position could be right for you.

Main Responsibilities:

- Create a wide range of visual materials for online and offline marketing including web banners, social media ads, website assets, fliers, brochures, branded collateral and stationery, event promotion, signage, on-site branding and giveaways
- Ensure consistency and adherence of brand guidelines across all materials
- Help develop and visualize creative concepts for promotional campaigns and events while considering functionality and target audience
- Maintain library of clearly-labeled marketing materials in a variety of formats
- Work in collaboration with the Senior Graphic Designer, the Creative Director and cross-functional groups on a variety of projects

Main Requirements:

- Degree in graphic design with knowledge of design principles including typography, color theory and composition.
- At least 2 years industry experience with a strong portfolio of work.
- Expert level in Adobe Illustrator, Photoshop and InDesign.
- Intermediate level in After Effects, Premiere/Final Cut and 3D software (3ds Max/ Maya) is an advantage.

- Proficient at creating print-ready artwork and handling media of all types.
- Impeccable attention to detail
- Effective time management and prioritization skills.
- Good communication skills with excellent written and spoken English
- Pro-active and positive attitude with eagerness to learn and develop
- Ability to work well alone and in a team

Why Chaos Group?

- Working for a globally recognized company for its cutting edge products and honored with an Academy Award for its contribution to motion pictures
- Working alongside talented people in an environment which fosters learning and knowledge-sharing
- Supplemental health insurance
- Flexible working hours and additional days off
- Competitive remuneration package
- Technical trainings and certifications
- Free parking place
- Play and relax area in the office
- Special Discounts

We welcome people who value teamwork, stick to their agreements and are curious to explore new ways for achieving mastery.
