

**WE ARE LOOKING FOR**

# **A JUNIOR CONTENT CREATOR**

Sofia, Bulgaria - October 17, 2019

As part of its expansion plan and the launch of its new headquarters in Sofia (Bulgaria), sinewave is looking for a highly motivated Junior Content Creator that will support the Directors on all media content production projects.

The role is a mix of great learning opportunities and hands-on experience working on web & TV content projects. You will be involved at most stages of the production process, joining our team on filming sets and/or editing content from the studio.

## **You are :**

- A senior student pursuing a degree, or autodidact with proven records, in media content production
- Experienced user of post-production software (Adobe Creative Suite, Cinema4D, Davinci Resolve, etc...)

## **You have :**

- Fluency in English, both written and spoken
- A serious but positive work attitude
- A creative and daring mind
- High attention to detail
- Strong organizational and time-management skills
- Ability to work on tight deadlines and complex projects

## **You'll get :**

- Training and regular feedback sessions to fast pace your personal development
- Media production experience for web and TV content from various clients and industries
- 40h/week for 4 months contract minimum
- Salary and/or benefits based on your skills, experience, and motivation
- A successful candidate could be offered a permanent role in the company at the end of the period.

# **How to apply?**

Send your (creative) application to [careers@sinewave productions](mailto:careers@sinewave productions)

Minimum resume, cover letter, and portfolio
