

WE ARE LOOKING FOR

# A GRAPHIC DESIGN INTERN

Sofia, Bulgaria - October 17, 2019

With the development of our event series [re:vision], co-produced with DanceTelevision, sinewave is looking for a motivated graphic design intern to work with our Brand Designer.

Starting date : ASAP | Duration : 2/6 months

## About the position

You are a student or graduate from a Bachelor program or proven time equivalent in professional experience. You will be directly working with our Brand Designer on various projects, mainly tied but not limited to the production & promotion of electronic music events in Bulgaria, and more specifically our new series of events [re:vision].

## What we expect

- You can work across various media, both in print & in digital
- You can meet deadlines without neglecting the quality of your outputs
- You can show team spirit, a strong will to learn and take constructive feedback. As you might be participating on a wide range of project, your ability to adapt will also be key to your success
- You are not afraid to express your ideas

Bonus point for :

- Knowledge of the electronic music scene
- Ability to work for Motion design, Webdesign &/or 3D

## Skills you will need

- Proficiency in English is a must
- Proficiency with the Adobe Creative Suite
- Basic understanding of AfterEffects
- Ability to follow a creative direction
- Advanced understanding of typography, compositing & color theory

Bonus point for :

Knowledge of a 3D creation software (3DSMax, C4D, Blender, Maya, Houdini. Surprise us !)

- Illustrations skills
- Typography design skills

Don't be afraid to show us any other skills that you think might be valuable, even outside the scope of the position. They will all be taken into consideration.

## What we offer

Hands-on experience with daily feedback sessions so you quickly acquire valuable knowledge.

Possibility to be hired on a full-time position or to join our network of talents at the end of the period.

Monthly compensation based on your profile.

A human size company with a professional but friendly atmosphere for you to grow, get your ideas heard, and thrive on various projects.

Thanks to a diverse team with a wide range of complementary skills, you will be able to improve yours at fast-paced. In other words, you will not be there to pour us coffee !
