Hitachi Solutions

Hitachi Solutions is a core IT Company of the **Hitachi Group**, which employs over 400,000 people worldwide. Through systems integration, Hitachi Solutions strives to provide business solutions and products to customers in a diverse set of countries and regions including Asia, North America and Europe.

The Business Solutions division of Hitachi Solutions' is a fast growing and leading Microsoft Partner in providing industry-based solutions using Microsoft Dynamics 365 and cloud technology. Our teams provide advice and expertise to a diverse range of customers before designing and deploying bespoke ERP, CRM and business intelligence applications that we continue to service and support post go-live. Our people are passionate about technology, whether they are developers with deep technical expertise or more general technology practitioners with business acumen.

Graduate Recruitment Scheme

Hitachi Solutions launched its Graduate Recruitment Scheme to inspire the next generation of Hitachi Consultants. Working within our new European Delivery Centres (EDC) in Bulgaria and Portugal, the programme is an exciting opportunity to be part of a company that believes in investing in people for the future.

The scheme fits perfectly with the Hitachi Solutions company vision of growth and our slogan of Inspiring the World. Working with Hitachi Solutions offers a fantastic prospect to be part of a company that thinks ahead. As such, we actively encourage applications from the very best graduates who share our passions

What We Offer?

Through a structured on-boarding and training programme, starting in the second half of 2020, Hitachi Solutions will prepare successful candidates for roles on Hitachi lead projects. These project roles will allow for fast-paced learning via hands-on experience and the opportunity to work with the best consultants in Europe and the biggest projects in Microsoft Dynamics 365 in the world.

We offer:
→ Attractive and motivating work using innovative Microsoft technologies
→ Competitive salary during the training period and beyond
→ Intensive paid training over 3 months through the Hitachi Learning and Development programme
→ Ongoing training and continuous learning with opportunities to acquire Microsoft certifications
→ Participation in international projects
→ Rapid career development
→ Fantastic working environment

We're looking for

→ Students available to start full time employment
→ Degrees in technology or programming
→ Fluency in English or other foreign languages such as German or French
→ Driven, energetic and positive individuals with passion for technology and learning
