

What is Modsy?

Modsy is a leading online interior design service revolutionizing the industry. We deliver highly realistic 3D designs of your exact room filled with shoppable pieces of furniture from top brands and Modsy's own product lines.

What is the Style Network?

Modsy's Style Network is comprised of a talented group of creatives (we're talking interior designers, graphic artists, architects, art historians, and more!) from all over the USA and Bulgaria who have a passion for technology and interior design! Modsy Remote Stylists are positive thinkers, design dilemma destroyers, furniture nerds, and art enthusiasts who range from students to freelancers and stay-at-home parents. As a Remote Stylist, you'll help take a customer's design inspiration and turn them into a reality, all from the comfort of your own home.

Who are we looking for?

Design Backgrounds

You have a relevant degree in interior design, art, graphic design, architecture, or similar field.

Tech-Savvy Individuals

You must have strong technical ability with experience using 3D design tools like AutoCAD, SketchUp, etc.

Customer-First POV

You are passionate about satisfying Customers needs.

Creative Minds

You should have a passion for interiors, as well as a drive to constantly flex your creative muscles.

Self-Starters

You're comfortable working from home and have no problems meeting deadlines and communicating with your team. The remote Style Network is a close-knit group and love sharing ideas and solutions with each other. You'll always have the support you need to succeed.

Why you'll love working at Modsy

- Maintain a flexible schedule
- Work from home/ every place you want
- Have the freedom to work for yourself
- Sharpen your design skills
- Solve real customer design challenges
- Work with the design industry's most cutting-edge technology
- Partner with a supportive and collaborative team

Online Training Commitment (Monday till Friday)

- 1st Week (27-30 hours) – Learning about our Platform and how to style
