

Programista; a part of Prime Holding JSC, is a premium software solution provider with over 20 years of experience and more than 1000 successfully completed projects for clients in Europe and the USA. We employ 250 software engineers with vast expertise across technologies. We always strive to be authentic, benevolent, and competent in all our relations with clients, partners, competitors, and employees. We do our business with care and responsibility for the society and the IT industry where we live and work.

Our internship program is a genuine career opportunity for talented and hard-working individuals to become part of a team that inspires innovation and creativity! We understand that the first step in every new endeavor is crucial and we are excited to help you grow with the required practical and theoretical knowledge you will need in the future.

We are currently, we're looking for talented trainees to join our team in 3 subject areas:

- .NET Software Engineer Intern <https://cutt.ly/lgkYbgP>
- Angular Software Engineer Intern <https://cutt.ly/KgkYmPk>
- Mobile Software Engineer Intern <https://cutt.ly/GgkYctc>

The Process:

If your CV passes our screening process, you will get a task per e-mail.
If you resolve the task successfully, we will invite you for an interview.
If you impress us, we will invite you to become our intern.

Deadline for applications: October 29th 2020

Starting date: November 16th 2020

*Please note that the internship program is conducted fully remotely due to the epidemic situation. Interns who get the opportunity to continue developing within the company will be expected to be at an office of ours as soon as the situation allows it.

We thank all applicants for their interest. Only those selected for an interview will be contacted. All personal data of applicants is protected by the law and will be treated as strictly confidential.
